AUTUMN MUNZ

Data Analytics Student | UX Research & Design | User Surveys | Figma | Microsoft Office

(509) 308-8287 autumn.munz87@gmail.com autumnmunz.com linkedin.com/in/autumn-munz

SUMMARY

Analytical, user-focused designer and Data Analytics student who turns research, survey data, and customer feedback into clear insights and better product decisions. Experienced in designing end-to-end web and app experiences in Figma, from user research and wireframes to prototypes and usability testing. Pairs 3+ years of customer-facing experience with a strong grasp of audience needs, and communicates findings in ways both technical and non-technical teams can act on.

PROJECTS

Game Library: Web Platform

Aug 2025 - Oct 2025

Sole Product Designer | Web Design | Figma

- Designed a web platform where gamers discover their gaming personality type, connect with others, and find games that fit their play style
- Combined nostalgic early-console visuals with modern usability principles

Flying X Coffee Website

May 2025 - Jul 2025

Web Designer | Web Design | Figma, Framer

- Designed a website for a local coffee shop with a focus on accessibility and visual hierarchy
- Applied the client's branding preferences and improved navigation by adding a dedicated menu page

Mind Scribe: Journaling App

Dec 2024 - Apr 2025

Sole Product Designer | App Design | Figma, Google Forms

- Independently designed a journaling and mindfulness app that combines reflective writing with emotional tracking, based on user research
- Wrote the survey questions, analyzed the results, and made the final design decisions independently

EXPERIENCE

Barista

Flying X Coffee

Apr 2024 - Nov 2026

- Assisted a wide range of customers each day, keeping service friendly and consistent
- Processed register and payment transactions accurately while managing multiple tasks

Barista

Indaba Coffee

Apr 2023 - Aug 2023

- Provided friendly service in a customer-facing role, staying organized during busy shifts
- Learned new tasks and systems quickly as priorities changed

Barista

Shade Cafe

May 2022 - Feb 2023

- Collaborated with the team on new menu ideas and helped manage stock
- Hosted and staffed events for nearby medical facilities

EDUCATION

Bachelor of Science in Data Analytics

Western Governors University

Sep 2026 - Present Salt Lake City, UT

General Associate's in Arts and Sciences (AA/DTA)

Columbia Basin College

Sep 2023 - Jun 2025 Pasco, WA

TRAINING / COURSES

UX Design Professional Certificate

Google, via Coursera

KEY ACHIEVEMENTS

Validated App Demand

Uncovered nearly 70% of prototype testers with no prior subscriptions would pay $1–$5 monthly, using survey analysis to shape the app design.

Improved Website Navigation

Improved coffee shop website navigation with a dedicated menu page, applying client branding and accessibility principles.

Created Gaming Platform

Designed a gaming platform that helps players discover personality types, connect with others, and find suitable games.

SKILLS

Data & Office

Microsoft Office, Data Entry, Data Privacy, Trends & Reports

Research & Design

User Research & Surveys, Personas, User Flows, Wireframing, Prototyping, Usability Testing, Iterating Designs from User Feedback, Figma, Framer, Adobe Creative Cloud

Technical Foundations

Basic understanding of HTML, CSS, JavaScript, Java, Git, GitHub; experience coding with AI coding tools such as Cursor and Visual Studio Code

Video Editing

Adobe Premiere Pro, DaVinci Resolve
